Great Britain is preparing to make  
a new loan of \$250,000,000, in the  
event that the Boer war continues.  
This move means more additions to  
the British peace party.

A St. Louis grand jury has detected  
that some of the officials of that city  
have been offering to provide legisla-  
tion at so much per head. Bribery  
indictments seldom convict.

While there is not much being heard  
from the contests for School Board,  
it can be relied upon that the Demo-  
cratic candidates are doing their best  
to win.

Mr. George Tweed, Democratic can-  
didate for Council in the Second ward,  
is brave enough to declare that he has  
a "fighting chance." In Mr.  
Tweed's ward the combined  
Democratic and Prohibition vote for  
Mayor last spring exceeded the Re-  
publican vote by about 25.

Michigan has enacted a tariff law  
of her own by requiring all beer  
brought into the State to bear a license  
of \$500. If the Legislature of other  
States show a disposition to follow  
Michigan's example, the repeal of the  
war tax bill will not bring much  
benefit to the brewers.

The good records made in Council  
by Messrs. Winum, Piske and Walker  
are their best recommendations for  
re-election. They have always advo-  
cated the conducting of city affairs  
economically. It is important to tax-  
payers that such men be returned to  
Council.

Mr. Garfield's appointment as a  
member of the National Civil Service  
Commission will be likely to console  
him for the Ohio Legislature's repeal  
of the law which carried his name.  
Having driven "corrupt practices" out  
of Ohio politics, Mr. Garfield is now  
in a position to purify the political  
affairs of the nation.

The extent to which Senator Hanna  
is interesting himself in behalf of  
Major Rathbone, convicted of com-  
plicity in the Cuban postal frauds,  
will not make him the stronger as a  
Presidential candidate, should his  
strenuous efforts succeed in con-  
vincing the country that he is the logi-  
cal man for the nomination.

Rep. Williamson, a Columbus corre-  
spondent, sends from that city the  
information that Senator Hanna and  
Gen. Dick are not on the best of terms  
and that the Senator would like to  
unload the Akron man. The chances  
are somewhat more than 10 to one  
that the able correspondent has either  
been misinformed or is dreaming.

In the contest for the Justice of the  
Peace every indication points toward  
success for the Democratic nominee,  
Mr. Ebenezer Lewis. Added to the  
united support he will receive from  
his own party, he has many assurances  
of Republican votes, and his record as  
a labor organizer increases his strength  
as a candidate. He will receive the

support of the labor organizations al-  
most unanimously.

Eighty years old and still youthful  
in mind and body, and an honor to the  
city for which he has done so much,  
Mr. Ferdinand Schumacher is surely  
to be congratulated upon the very  
felicitous observance of his birthday  
anniversary. Always a worker and  
ever mindful of duty to his fellowmen,  
Mr. Schumacher has more than earned  
the rest which now is his. May he  
enjoy the blessings bestowed upon  
him for many, many years to come.

Wise and  
Otherwise

The gas bill was also no joke.

A fairly respectable sugar snow.

Dear April, please try to be good.

Gentle spring's joke was no jokiness.

Here's for health and happiness for  
the genial Mr. Schumacher.Now all that the streets are waiting  
for is a hard freeze.But why shouldn't twins get married  
as well as any other people?The sugar water industry feels the  
effects of the snow.Damp clothes, damp air, damp feet,  
To put a damper on you can't be beat.My, but it was a blow to that gaudy  
thing called the Easter bonnet, wasn't  
it?Moving men are requested not to  
upset the refrigerator on the cat or  
baby.What a hold figure Little Miles will  
cut in his knee breeches, at the corona-  
tion!By the way, did any one see dear lit-  
tle Easter rabbit hopping around in the  
slush?But my dear madam, don't let this  
make you think that Spring house-  
cleaning time hasn't come.Now, wouldn't it be a great sight to  
see all the City Commissioners indus-  
triously operating lawn mowers in one  
of the parks?And hundreds of thoughtless persons  
will probably be arrested again for  
neglecting to shovel the snow off  
their side walks.Some of the candidates might do  
well at this stage to find some tall  
timber in a convenient place. The  
majority of them are bound to need it.Those persons who hastily shed their  
heavy underwear out of courtesy to  
the first balmy days of spring are now  
repenting in flannel blankets and the  
hospital."I'm never afraid of the man of the  
house, but when the missus gets up on  
her ear, I wish I had been born rich,"  
said a moving man, Tuesday. "The  
only way we can do then is to go right  
ahead and pretend we don't hear."A Western editor suggests that "if a  
sky-scraper were to fall upon a spring  
poet he would spring another poem  
from the ruins." A dozen sky-  
scrapers could fall upon this year's  
crop of spring poems without badly in-  
juring them."I noticed driving through the coun-  
try yesterday," said the Observing  
Citizen, "A great many tracks through  
all the fields and in all the highways  
and byways, and throughout the city  
it was the same. That shows how  
busy the candidates are."The story that the City Commis-  
sioners spent all of Tuesday indus-  
triously at work was only an abomi-  
nable April fool card intended as a  
joke. There are subjects about which  
legislation is decidedly out of place, and in-  
emphatically bad taste. The report  
mentioned does the Board a great in-  
justice.

## THE BLASE GENT.

When midst the city's mighty rush and  
roar,Oppressed by sights and sounds and  
men;

For peace he sighs, and tranquility.

He longs for

The quiet of the country once again.

But coming to its solitude,  
He cannot comprehend its life.  
Back he'd like to be, for he never could  
Forget the fascination of its strife.

## Fireman Hurt.

Lieutenant Myron Fritz, of Fire De-  
partment No. 4, is unable for duty,  
on account of a sore foot. On the night  
of the fire at the plant of the Akron  
Electrical Manufacturing Co., one of  
the wheels of the hose wagon ran over  
his right foot. At the time it was not  
believed the accident would result seri-  
ously, but the injury is now very  
painful.

Mrs. Florence Nightingale Belknap, Vice-  
President San Francisco Round Table, and  
a Prominent Member of Pentecost Church  
of that City, Cured of Fearful Female  
Troubles by Lydia E. Pinkham's Vegetable  
Compound. Read Her Letter.

"DEAR MRS. PINKHAM:—I wish to thank you for the benefit  
your medicine has done me; I cannot speak too highly in praise of  
it. After my child was born I was left in a very bad condition. I  
flowed three weeks out of the month; I suffered for months, and  
finally consulted three physicians. Two of them said I had a tumor,  
and the third one said I was going into consumption. I was sick  
and tired, and could not perform my household duties. Finally a friend  
urged me to try Lydia E. Pinkham's Vegetable Compound. I really had no faith in it, although I had often heard of its wonderful  
cures; but the fact was I had no faith or interest in anything any  
more. I finally decided to try it; after the first bottle I felt im-  
mensely better, and after taking the sixth bottle I was entirely  
cured, and felt like a new woman. I consider it woman's friend, and  
would never be without it in the house. O, what a lot of misery and  
suffering could be avoided if all women only knew of the wonderful  
power of Lydia E. Pinkham's Vegetable Compound to cure their ills."  
—MRS. N. BELKNAP, 1222 Leavenworth St., San Francisco, Cal.  
\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

## CEMENTINE HOUSE.

A Comparatively New Idea In Building to be  
Used by an Akron Man.

April is here—also house-cleaning—  
likewise house building. From the  
present indications Akron is going to  
experience such a building boom short-  
ly as was never experienced before.  
Real estate men generally are as happy  
as can be over the prospects. Owing to  
the inclement weather the last few  
days they have had time to stop and  
breathe.

Allotments are being laid out in all  
parts of the town, and the agents and  
owners are hustling for the business  
which they feel certain is to come. To  
illustrate how early they are in the  
field, the West Hill Land Co. has in  
its window on Howard st. a box of  
moss, in the early stage of its growth,  
and the way they pet and coax that lit-  
tle patch is interesting to behold. The  
moss is the genuine article taken di-  
rectly from Portage Park allotment.  
The same company, however, is doing  
a lot of business.

A unique feature in building archi-  
tecture will be seen soon in Akron.  
It will be what is known to the trade  
as a cementine house, and will be lo-  
cated on East Exchange st. In all the  
large cities, houses are rapidly going  
up constructed of cementine. The pro-  
cess illustrates one of the advances  
made in modern building construction.  
There is very little wood to be seen  
from the exterior, save that which is  
used to lend an artistic effect to the  
structure. Instead of stuffing the walls  
with wool or plaster combination, over  
the first layer of laths is spread a  
layer of cementine, a mixture of ce-  
ment, similar to that of asphalt, and  
fine gravel. This layer is allowed to  
become firm, when another layer of  
laths is placed on, then another of ce-  
mentine, until the building is com-  
pleted. The effect of the combination  
both from an artistic and a practical

## COFFEE TOOK IT.

Robbed the Doctor of His  
Cunning.

"I was compelled to drink some Java  
coffee yesterday morning and suffered  
so much from the effects that I feel  
like writing you at once."

"I am 61 years old and for a great  
many years have been a coffee drinker.  
My nerves finally got into a terrible  
condition and for about two years I  
suffered with sinking spells and was so  
nervous that it seemed as though I  
could hardly live. I suffered untold  
agonies. My heart would stop and  
my kidneys gave me no end of trouble.  
"About six months ago I gave up  
coffee for good and began using Postum.  
I insisted on knowing that it was prop-  
erly made by being suitably boiled,  
and I prefer a cup of rich Postum to  
Java, Mocha or any other coffee."

"My sinking spells have left me, my  
head gives me no trouble now, the kid-  
neys are greatly improved, and, in  
fact, I feel a great change in my whole  
body. It is such a comfort to be well  
again."

"I knew a physician in San Antonio  
who had become so nervous from the  
use of coffee that his hand trembled  
so badly that he could not hold a lan-  
cet, or even take a splinter out, and  
could scarcely hold anything in his  
hand. Finally he quit coffee and be-  
gan using Postum. Now the doctor's  
nervousness is all gone, and he is in  
good health." Name given by Postum  
Co., Battle Creek, Mich.

point of view is excellent. The houses  
constructed of cementine are generally  
built in the colonial style, and when  
the shingles are stained to a harmo-  
nious tint they are beautiful.  
The house is to cost \$2500, and will  
be owned by J. Fred Bliss, a draughts-  
man with E. O. Weary. Its effect upon  
Akron builders and building buy-  
ers will be watched with considerable  
interest by real estate men and con-  
tractors.

## Shot In His Left Leg.

For all kinds of sores, burns, bruises  
or other wounds, DeWitt's Witch Ha-  
zel Salve is a sure cure. Skin diseases  
yield to it at once. Never fails in  
cases of piles, cool and healing. None  
genuine but DeWitt's. Beware of  
counterfeits. "I suffered for many  
years from a sore caused by a gun  
shot wound in my left leg," says A.  
S. Fuller, English, Ind. "It would not  
heal and gave me much trouble. I  
used all kinds of remedies to no pur-  
pose, until I tried DeWitt's Witch Ha-  
zel Salve. A few boxes completely  
cured me."

Wm. Warner, Gem Pharmacy, 113  
South Howard st.MR. DIXON IS  
ALSO INTERESTED

In the Raising of Pretty Belgian  
Hares.

Mr. Walter Dixon is raising Belgian  
hares as a business venture and has  
about 150 of these animals at his  
farm in Coventry. He keeps fancy  
hares for the prize market and also  
keeps the common variety used for  
food. There is no great demand for  
the hares for the market as this is a  
comparatively new thing for Akron.  
Mr. Dixon has been keeping these for  
only about a year. Fine prize hares  
will bring \$15 apiece, while the com-  
mon variety may be had for \$1.

A mother hare with two little ones  
was recently put in a downtown win-  
dow, in which was a stuffed ground-  
hog. At first the little things cowered  
with fright at the close proximity of  
their mortal enemy, and the solicitude  
of the mother when the little fellows  
ventured too near the groundhog was  
very apparent. After a time however,  
the hares found that the groundhog  
was not alive and now the little ones  
scamper playfully over the back of the  
animal and are as fearless as with  
their mother.

## HE FLED.

When She Accused Him of Hav-  
ing Two Wives.

Springfield, Ohio, April 1—Joseph-  
ine Drake has been granted a divorce  
from Job J. Drake on the grounds of  
gross neglect of duty and willful ab-  
sence. She told Judge Mower, how-  
ever, that her husband was a bigamist.  
She claimed that he had another law-  
ful wife living when they were mar-  
ried, and that shortly afterward she  
made the discovery. She faced him  
with the accusation, and he fled and is  
still missing.

## EXTREME

Penalty Was Meted Out to Rev.  
Dr. Richter.

Minneapolis, April 1.—The result of  
the trial of Rev. Dr. Richter by the  
Presbytery was a verdict of guilty.  
Mr. Richter was deposed from the  
ministry and also excommunicated  
from the Presbyterian church. This  
is the extreme penalty in the church  
and excludes Dr. Richter, who is 68  
years old, from even a layman's privi-  
leges in the Presbyterian church.

The charge against him was that  
he published articles in the interest of  
saloons and that he received pay from  
Minneapolis brewers. He admitted  
the charges, but denied that his action  
was inconsistent with his position as  
a minister of the gospel.
